SPONSORSHIP AND EXHIBIT PROSPECTUS

Be part of this unique event marking the centennial of IUGG
WHY BECOME A PARTNER, SPONSOR OR EXHIBITOR?

As an academic, an association or a company involved in Earth and space sciences, the challenge is always the same: how to attract, retain or engage your message or brand recognition.

IUGG 2019 offers a window of opportunity like none other. Boasting a following and participation level of more than 4000 participants, this is an occasion to reach a large-scale segment of professionals specifically tuned to your message. High visibility and the opportunity to cater to people who already share your interests, providing a great return on investment.

Listed further in this document are a host of programs and exciting incentives designed specifically to generate the greatest impact, revenue or social engagement.

Stand out of the crowd and be part of this unique event marking the centennial of IUGG.

HOW TO BECOME A PARTNER, SPONSOR OR EXHIBITOR:

Wish to become a partner, sponsor or exhibitor? The process is as easy as it can be. Simply go to the event website at iugg2019montreal.com, point your cursor to the menu bar at the top of the page under Sponsorships/Exhibits and follow the steps to register. It’s that easy.

If you have any questions about the event or would like to discuss ways to customize your sponsorship, send us a message at salesiugg2019@jpdl.com. Our service team will ensure all your questions are answered promptly. We look forward to discussing how we can assist you in meeting your objectives for this event.

ABOUT THE 27th IUGG GENERAL ASSEMBLY

Dear participants of the 27th IUGG General Assembly,

The 27th IUGG General Assembly (IUGG2019) will be held from July 8th to July 18th, 2019 at the Palais des Congrès in Montréal, Québec, Canada. This will be a special opportunity for participants from Canada and from around the world to come together and share both science and culture.

2019 marks the 100th anniversary of IUGG; as such, we will look back on the accomplishments of the previous century of Earth and space science research and look forward to the next century of scientific advancement. Join us for a host of scientific activities, including special public lectures, keynote Union lectures and a wide variety of themed sessions.

During your stay, you will have the opportunity to explore the city of Montréal, widely renowned across North America and around the world for its vibrant cultural, social and culinary scene. July is a great time to enjoy the warm weather, outdoor dining and many festivals taking place across the city.

In conjunction with the IUGG General Assembly, a number of scientific workshops and cultural events are planned. We will also be offering the chance to explore the geological treasures of the region through a number of field trips ranging from half-day to multi-day excursions.

There are many opportunities available to you to position your organization or institution at the assembly. The exhibition will be held in the expo hall, together with the poster sessions and coffee breaks.

On behalf of the Local Organizing Committee of IUGG2019, we welcome you to Montréal and wish you the best of experiences.

Fiona Darbyshire
Chair of the IUGG2019

Michael G. Sideris
IUGG President
IUGG has held General Assemblies since 1922 (quadrennial since 1963). Although the first assemblies gathered only a few hundred scientists, several thousand experts, early-career scientists and students attend IUGG General Assemblies nowadays. In between the IUGG General Assemblies, the Union’s constituent Associations hold their own scientific meetings, sometimes jointly with other Associations.

IUGG and its Associations sponsor every year many research workshops, symposia and summer schools organized around the world.

---

**International Association of Cryospheric Sciences (IACS)**

On July 4, 2007, at the XXIVth IUGG General Assembly in Perugia, Italy, the IUGG Council decided to launch the International Association of Cryospheric Sciences. IACS strives to promote studies of all aspects of, and physical processes related to, Earth’s cryosphere and that of other bodies of the Solar System, to encourage research on these subjects by the cryospheric sciences community, through national and international institutions and programs, and by individual countries as well as through collaboration and international co-ordination.
cryosphericsciences.org

**International Association of Geodesy (IAG)**

The mission of IAG is the advancement of geodesy. The objectives cover the study of all geodetic problems related to Earth observation and global change. This comprises the establishment of reference systems, monitoring the gravity field and rotation of the Earth, the deformation of the Earth’s surface including ocean and ice, and positioning for interdisciplinary use. The goal is to foster the development of geodetic activities and infrastructure in all regions of the world, taking into consideration the specific situation of developing countries.
iag-aig.org

**International Association of Geomagnetism and Aeronomy (IAGA)**

IAGA welcomes scientists to join in research of magnetism and aeronomy of the Earth, of other bodies of the solar system, and of the interplanetary medium and its interaction with these bodies. IAGA sponsors workshops, symposia, and research efforts through INTERMAGNET to modernize and standardize global observations of the Earth’s magnetic field.
iaga-aiga.org
International Association of Hydrological Sciences (IAHS)

IAHS promotes the study of all aspects of hydrology through discussion, comparison and publication of research results, and through the initiation of research that requires international cooperation. IAHS maintains strong connections with the International Hydrological Programme of UNESCO and with the Hydrology and Water Resources Programme of the World Meteorological Organisation (WMO). The International Commissions of IAHS initiate and conduct conferences, symposia, workshops, courses, and research programs.

iahs.info

International Association of Meteorology and Atmospheric Sciences (IAMAS)

IAMAS promotes research in all atmospheric sciences, especially programs requiring international co-operation. IAMAS leads the Alliance for Capacity Transfer (ACT) - a joint activity of IUGG, the World Meteorological Organisation (WMO), and the U.S. University Corporation for Atmospheric Research (UCAR).

iamas.org

International Association for the Physical Sciences of the Oceans (IAPSO)

IAPSO promotes the study of the physical sciences of the oceans and the interactions taking place at the sea floor, coastal, and atmospheric boundaries by organizing international forums and publishing written materials for ocean scientists throughout the world. In addition, IAPSO provides basic services such as the Permanent Service for Mean Sea Level and the IAPSO Standard Seawater Service. The president of IAPSO is a member of the SCOR Executive Committee as is the president of IAMAS.

iapso.iugg.org

International Association of Seismology and Physics of the Earth’s Interior (IASPEI)

IASPEI promotes the study of earthquakes and other seismic sources, the propagation of seismic waves, and the Earth’s internal structure, properties, and processes. Scientists participating in IASPEI initiate and coordinate research and scientific exchanges that demand cooperation among countries. Work on specific topics is carried out through commissions, sub-commissions, committees and working groups formed to meet specific needs of new, exciting problems as they emerge.

iaspei.org

International Association of Volcanology and Chemistry of the Earth’s Interior (IAVCEI)

The IAVCEI is the primary international focus for research in volcanology and for efforts to mitigate volcanic disasters. Scientists also participate in IAVCEI research in closely related disciplines, such as igneous geochemistry and petrology, geochronology, volcanogenic mineral deposits, and the physics of the generation and ascent of magmas in the upper mantle and crust.

LOCAL ORGANIZATIONS

CANADIAN GEOPHYSICAL UNION (CGU) / UNION GÉOPHYSIQUE CANADIENNE (UGC)
The CGU began its life as a society dedicated to the scientific study of the solid Earth. It has since evolved to cover all aspects of the physical study of Earth and space processes. Within the CGU, five semi-autonomous sections are defined: Hydrology, Geodesy, Solid Earth, Bio geosciences and Earth Surface Processes. CGU has over 400 members and serves as a national group in the geophysical sciences. It is also responsible for the Canadian National Committee of the IUGG (CNC-IUGG). Since 2013, the CGU has operated as a co-founder and member of the Canadian Societies for the Geophysical Sciences (CSGS).
cgu-ugc.ca

CANADIAN METEOROLOGICAL AND OCEANOGRAPHIC SOCIETY (CMOS) / SOCIÉTÉ CANADIENNE DE MÉTÉOROLOGIE ET D’OCÉANOGRAPHIE (SCMO)
CMOS exists for the advancement of meteorology and oceanography in Canada. It is a national society whose aim is to promote these sciences across Canada, and its interests include meteorology, climatology, oceanography, limnology, hydrology and cryospheric science. The Society has a history spanning over 75 years, initially serving the meteorology community then adding the oceanography component in the 1970s. CMOS comprises over 700 members, and is also a co-founder and member of CSGS.
cmos.ca

JPDL INTERNATIONAL
JPdL is our Conference Organiser and strategic partner for IUGG2019. It is a national company with 6 offices across Canada and over 35 years of experience in conference management, event planning and destination management. It manages both national and international events across a wide range of fields and disciplines, and is partnered with numerous organisations from the local to the international level.

EXPECTED ATTENDANCE

This event will assemble more than 4000 participants from around the world, including established scientists, early-career researchers and students. It is renowned as one of the most international meetings in the geosciences, and numbers of participants are steadily rising. 2019 marks the 100th anniversary of IUGG, providing a unique opportunity for involvement in a particularly special Assembly.

- **Fig 2. Attendee Profile by Association**
The scientific program will be composed of Union, Inter-Association and Association Symposia, workshops, panels and special events. Below is a timetable of Association presence at IUGG2019, a list of confirmed Union symposia and a full program overview.

**Union Symposia**
- U01 Future Earth, Climate and Sustainability
- U02 Disaster Risk Science
- U03 Mathematics and Observations in Earth Science
- U04 Data Science, Big Data and Analytics in Geodesy and Geophysics
- U05 New Discovery in Earth’s Deep Interior
- U06 New Discoveries in Planetary Sciences
- U07 Centennial of International Cooperation in Earth Sciences
- U08 Earth and Space Observations
- U09 Early Career Scientists’ Symposium
The city of Montreal is known the world over as a centre of culture, creativity, knowledge and innovation. The combination of Indigenous, North American and European influences gives this city a unique cultural and architectural flavour. It enjoys an outstanding reputation for its arts scene, including the internationally acclaimed Montreal Jazz Festival which takes place in late June – early July each year. Montreal’s cosmopolitan character is reflected in a vibrant and diverse community as well as its excellent international cuisine.

Easily accessible from all parts of the world, Montreal is an international hub with the airport a mere 20 minutes’ journey from the downtown core. Major attractions are within easy walking distance of the Palais des Congrès and the surrounding downtown hotels and, for those who wish to venture further afield, an efficient public transit system comprising a network of bus and Metro (subway) routes gives you easy access to the city and its many attractions.

As a vibrant, safe city with an excellent track record in hosting major international events, Montreal was the first urban centre to sign the Geotourism charter of the National Geographic Society, and was the first North American city to be designated a UNESCO City of Design in 2006.

The city has over 1000 parks and green spaces and 450 km of bike paths, with Mont-Royal holding centre point with a bird’s-eye view of the city as well as extensive Botanical Gardens and world-renowned museums. July is the warmest and one of the driest months in Montréal, with average daytime temperatures in the high 20s Celsius (low 80s Fahrenheit).
THE VENUE: THE PALAIS DES CONGRÈS DE MONTRÉAL

The 27th IUGG General Assembly will be held in Montréal’s state-of-the-art convention center, located at 1001, place Jean-Paul-Riopelle, Montréal. The Palais is a hub of activity straddling the city’s business centre, international district, Old Montréal and Chinatown.

Since opening in 1983, the Palais des Congrès de Montréal has built a reputation for excellence spanning the globe, welcoming more than 6,200 events and over 16 million visitors. The Palais is home to multipurpose ultramodern facilities, contemporary architecture, and abundant natural light. Visit its extensive network of indoor boutiques, easy access to the underground city and attached to the underground Metro; this location will not disappoint.

OPPORTUNITIES

Listed below are the possible options and packages to highlight your company, program or association.

While we believe these possibilities cover a wide range of activities, we also understand that you may have special needs, requirements, your company branding or would simply like to run an idea past our committee. For these and any other questions we would invite you to communicate with us at any time at: salesiugg2019@jpdl.com.

Please note that all special orders or packages are subject to review and approbation by the committee.

**APPLICABLE TAXES**
(taxes to be added to above rates)
GST 5% + QST 9.975%
SPONSORSHIP OPTIONS

DELEGATES’ BAG EXCLUSIVE
$12,000 CAD
Your company will be the first to show its brand image, enjoying high visibility throughout the event, as your logo will be printed on a bag that will be distributed to more than 4000 participants, courtesy of the organizer. This walking, interacting ad campaign will be sure to attain high visual retention and attraction. Please note that organizers’ logo will also be printed on the front of the participant bags.

MOBILE APPLICATION EXCLUSIVE
$10,000 CAD
The mobile application is the communication hub of all modern events. Make sure to tap into the powerful branding potential and the interactivity of the app through various supports such as hyperlinked banner ads and visual branding.

WIRELESS INTERNET NETWORK (WIFI) EXCLUSIVE
$10,000 CAD
Effective, simple and highly visible: Your company logo and hyperlink on the homepage of the WiFi network with the caption: Wireless Network sponsored by: [YOU]. Wireless Internet from July 8-18, 2019.

PROGRAM-AT-A-GLANCE EXCLUSIVE
$10,000 CAD
The program-at-a-glance represents a wealth of information such as schedules, list of conferences, list of exhibitors, list of partners and a lot more! Get the logo of your company printed in the first inset page, with the caption “sponsored by”. This is an easy and effective way to reach participants.

BADGE LANYARD EXCLUSIVE
$8,000 CAD
Get your logo riding around the neck of every participant by choosing this sponsorship. Printed on nylon lanyards (alongside the IUGG logo) and distributed to over 4000 participants throughout the 9-day event, this will be an attention catcher. The lanyards are supplied by the organizers.

OPENING CEREMONY EXCLUSIVE
$5,000 CAD
Here is a chance to reach more than 4000 people right from the very beginning of the 27th IUGG General Assembly. Your company logo will be projected on the screens before the Opening Ceremony and a verbal mention of your company at the Opening Ceremony will be made by the host.

UNION SYMPOSIUM SPONSOR MAX 9
$5,000 CAD
Sponsor’s company logo will be displayed on the screen at the beginning of the selected symposium. The Sponsor’s logo will be added to the relevant signage for the specific symposium.

POSTER CORNER MAX 4
$3,000 CAD
Poster sessions are one of the most important components of the conference. Almost every delegate will attend these functions to discuss scientific methods and results with their colleagues. Your company logo will accompany these sessions and be viewed by all participants.

CONGRESS VOLUNTEERS AND STAFF T-SHIRT EXCLUSIVE
$5,000 CAD
Every volunteer and staff member will wear an IUGG 2019 T-shirt as they go about their important duties, helping delegates at registration, in the lecture rooms and around the Palais des Congrès de Montréal. Your logo will figure prominently on the back of these T-shirts.
SPONSORSHIP OPTIONS

SOCIAL MEDIA PHOTO BOOTH EXCLUSIVE
$4,000 CAD
The social media photo booth located in the exhibit hall will feature a giant frame and backdrop so attendees can take IUGG memento photos with their mobile devices (individual or group). Your company logo and colors will be a constituent part of the design of this booth.

LOUNGE EXCLUSIVE
$5,000 CAD
Located in the exhibitors’ room, the lounge will be a great place to network during the 9-day event. Your company colors and logo will be integrated into the design of the lounge structure with a possibility of leaving promotional items on the tables. Space size: 20’ x 20’ (diagram of lounge will be provided). The promotional materials must be approved by the organizers and supplied by the partner.

NETWORKING AREA MAX 4
$4,000 CAD
Located in the exhibitors’ room, the networking areas will be accessible to every delegate. This space will include the following services: seating, WiFi access and a charging station. Network Area will be branded with the Partner’s company logo. Space size: 20’ x 20’ (diagram of Networking Area is available).

KEYNOTE (UNION) LECTURE SPONSOR MAX 8
$2,000 CAD per lecture
Sponsor the lecturer’s travel and accommodations to attend the conference. Your company name will be displayed on the final program under the list of sponsors.

SPONSOR PREPARATION ROOM EXCLUSIVE
$2,000 CAD
Sponsor’s company logo will be displayed on each computer’s screen saver in the Preparation Room. Your company logo will be placed on the relevant signage for the Speaker Preparation Room. This room will be made available to speakers / lecturers for uploading, verifying and modifying their presentations.

ADVERTISING

Take this incredible opportunity to make yourself known to more than 4000 participants!

1. FINAL PROGRAM:
   - 1 PAGE $3,000 CAD
   - ½ PAGE $1,500 CAD
   - ¼ PAGE $750 CAD

2. INSERTION INTO THE DELEGATE BAG:
   - Three-dimensional item (e.g. CD or USB) $3,000 CAD
   - 2-sided flyer or Brochure (maximum size 8 ½ x 11 in.) $2,000 CAD
   - Postcard up to 4 x 6 in. (10.16 x 15.24 cm) $1,000 CAD

3. NEWSLETTER
   - $1,500 CAD for 1 banner / newsletter
   - Partner to provide a banner to be placed in the monthly newsletter.
   - (1 partner per newsletter)

APPLICABLE TAXES
(taxes to be added to above rates)
GST 5% + QST 9.975%
This is a unique opportunity to reach out to the Earth and space science community and to have direct, impactful and high-quality exposure to leading and upcoming scientists from around the world, especially since 2019 marks the 100th anniversary of IUGG.

We encourage exhibitors to be innovative: video presentations, giveaways, competitions, stand design and creative signage are ways to improve the appeal of your branding!

**STANDARD EXHIBIT SPACE**
The standard space measures are 10 feet x 10 feet (9 sq. m.).

**TURNKEY PACKAGE BOOTH AVAILABLE:**
$3,500 CAD ($2,500 for not-for-profit organizations)

Price includes for one 10 feet X 10 feet (9 sq. m.) booth:
- Company’s logo and web link on the event web site
- Pipe and drape walls
- Carpet
- One (1) 6’ draped table
- Two (2) chairs
- One (1) wastebasket
- One (1) 1500 W/ 15 amperes/120 volts electrical outlet
- WiFi internet available in exhibit area (standard WiFi)
- Identification sign

**INCLUSIONS**
- 2 exhibitor badges*
- 50-word company description in the final program
- Exhibitor listing on the IUGG2019 website
- Exhibitor listing on the IUGG2019 mobile app
- Access to tea/coffee breaks for registered congress delegates
- Invitation to poster receptions

* Additional exhibitor badges are available for $500 CAD per badge.

**EXHIBITOR SET-UP**
(Further details to come in the Exhibitor Manual)
Monday, July 8, 2019 - 3:00 pm – 7:00 pm

**EXHIBITOR TEAR DOWN**
Wednesday, July 17, 2019 - 5:00 pm – 8:00 pm

**EXHIBITION HOURS:**
- Tuesday, July 9, 2019 8:00 am – 8:00 pm
- Wednesday, July 10, 2019 8:00 am – 8:00 pm
- Thursday, July 11, 2019 8:00 am – 8:00 pm
- Friday, July 12, 2019 8:00 am – 8:00 pm
- Saturday, July 13, 2019 8:00 am – 8:00 pm
- Sunday, July 14, 2019 8:00 am – 8:00 pm
- Monday, July 15, 2019 8:00 am – 8:00 pm
- Tuesday, July 16, 2019 8:00 am – 4:30 pm
- Wednesday, July 17, 2019 8:00 am – 4:30 pm

**CANCELLATION POLICY:**
In the event of a cancellation, the IUGG shall retain the following percentages, based on the timeline below:
- **Before February 1, 2019:** 50% of contract value retained by organizers.
- **After February 1, 2019:** 100% of contract value retained by organizers.

Cancellation must be done in writing to the exhibition coordinator.
